SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Dear Sir:

In accordance with 37 C.F.R., § 1.56, 1.97, and 1.98, disclosure is made of the following known related references uncovered in the International Search Report performed in the related European patent application and listed in the accompanying Information Disclosure Citation, Form PTO-1449. Inclusion of such patents and/or publications herein is solely for the purpose of satisfying Applicant's duty of candor to the Patent and Trademark Office, and should not be construed as any admission by Applicant as to the relatedness of the art(s) involved or as to the relevance of any of the citations.

According to the announcement made via the USPTO website entitled "Information Disclosure Statements May Be Filed Without Copies of U.S. Patents and Published

Applications in Patent Applications filed after June 30, 2003," no copies of the U.S. patent references are enclosed. A copy of only the uncovered foreign patent application is therefore enclosed.

Any marks made upon submitted copies of such listed art should not be interpreted as emphasizing or indicating as relevant portions of such marked related art. Often, such marks are made on the original documents by unknown third parties and so are not applicable to the present invention.

Should there be any remaining or further questions, the Examiner is requested to please contact the undersigned directly. It is not believed that any additional fees are due. However, in the event additional fees are due, the Examiner is hereby authorized to charge Applicant's Attorney's Deposit Account No. 03-2030.

Respectfully submitted,

CISLO & THOMAS LLP
